

Nathalia Angela S. Mancilla

Manila, Philippines 1016 | mancillanathaliaangela@gmail.com | +63 919 394 5351 | [Portfolio](#) | [LinkedIn](#)

Education

Polytechnic University of the Philippines

Bachelor of Science in Computer Science

Manila, PH

Expected August 2026

- Sun Life Scholar A.Y. 2025-2026
- Class President, AY 2024 - 2026
- Member of Google Developer Groups PUP, Amazon Web Services Cloud Club PUP, and CCIS Student Council

Work Experience

Make Technology Inc.

DevOps Intern

Manila, PH

Oct 2025 - Jan 2026

- Developed a Proof of Concept (POC) for an AI-enhanced interior design catalog using **Next.js**, featuring a chatbot interface that enables users to identify similar products and generate synthetic images of comparable home designs.
- Engineered an AI-powered JSON formatter using **AWS Bedrock** and **Next.js**, optimizing data structures for large-scale integration and deploying the service via **Vercel**.
- Architected a technician monitoring system connecting a **React Native** mobile application to **Next.js** web services using **AWS Kinesis** and **WebRTC**, incorporating **GPT-4o mini** for automated real-time video analysis.

Technomancer Inc.

Web Developer Intern

Manila, PH

Jul 2025 - Sep 2025

- Executed version control and project management workflows using **Git**, **Bitbucket**, and **Jira** while utilizing **SSH** for secure remote testing environment access across 10+ active projects.
- Developed and maintained responsive features for 5 live client websites built on **Laravel**, ensuring cross-device compatibility and streamlined deployment readiness.

Springboard Labs

Product Design Intern

Manila, PH

Mar 2025 - Jun 2025

- Produced a complete ticketing and project management system in **Figma** within a 3-week sprint, prioritizing user flow efficiency and task-driven navigation.
- Collaborated with engineering teams to translate high-fidelity prototypes into functional frontend components using **ShadCN UI** and specialized open-source libraries.

Leadership Experience

AWS Cloud Club PUP

UI/UX Lead

Manila, PH

Oct 2023 - Oct 2025

- Directed the comprehensive **website redesign** and established a scalable UI/UX roadmap, enhancing platform accessibility and digital onboarding for a community of 200+ members.
- Facilitated **Figma workshops** and user experience seminars for over 50+ peers, standardizing design system practices and component libraries across the organization.
